

The Friends of the Hadley Council on Aging was established in 2014 to enhance financial and operational support for programs for the Hadley Council on Aging.

Now in our seventh year, memberships are a main part of our funding to support programs at the COA that are not in the town's budget. We are also pleased with the response to the **Funding for the Future Campaign** which offers naming rights to parts of our new building. There is also great support for the **Leaves of Love Tree** in the living room.

Before Covid-19, we were underwriting the costs of many social programs and subsidizing other events if seniors were unable to fully fund their participation. We continue to pay for the printing of the newsletter, the annual fee for My Senior Center, sanitizing supplies for Covid-19 and other various small items around the new building.

Please consider joining us in any of the above. Your generosity will allow us to continue to assist the Senior Center in offering a large variety of opportunities to Hadley seniors so they can be more involved and lead fuller lives and age at home. We truly appreciate your support!

*What does it take to improve the quality of life for Hadley Seniors?
The support of people like you.*
